

Oxford House Expense Tracker — Test Scenarios

For beta testers — use this checklist to exercise the mobile app and web portals from every angle. Record **Pass**, **Fail**, or **Blocked** for each scenario. For failures, note device, account role, steps, and screenshots.

Setup: See `BETA_TESTER_PACKET.pdf` for TestFlight access, login, and reporting bugs. Continue your **normal** expense process in parallel during beta.

Last updated: July 2026

Before you start

Test accounts needed

Ask your admin if you do not have access:

Role	What to test
Staff / employee	Mobile app + Staff Portal
Supervisor	Supervisor Portal + team approvals
Senior staff	Senior Staff Portal (review-only first pass)
Finance	Finance Portal (final approval)
Contracts	Contracts Portal (read-only)
Admin	Admin Portal (employees, HR sync, config)

Devices

- **iPhone** — primary mobile testing (TestFlight build)
- **Desktop browser** — web portals (Chrome or Safari recommended)

Bug report template

1. Scenario # from this document
2. Account role and name (if safe to share)
3. Device and browser version
4. Steps to reproduce
5. Expected vs actual result

6. Screenshot or screen recording
 7. Report month/year (if applicable)
-

1. Authentication and first-run (mobile)

#	Scenario	Steps	Expected result
1.1	Email login	1. Open the app. 2. Type your work email and password. 3. Tap Log in .	Home screen; correct name shown
1.2	Bad password	1. Open the app. 2. Type your real email. 3. Type a wrong password. 4. Tap Log in .	Clear error; app does not crash
1.3	Google login	1. On the login screen, tap Sign in with Google (if you see it). 2. Pick your Google account and finish signing in.	Session restores; correct profile
1.4	Stay logged in	1. Log in normally. 2. Swipe the app away so it fully closes. 3. Open the app again.	Still logged in when stay-logged-in was used
1.5	Biometrics	1. Turn on Face ID or Touch ID in Settings. 2. Log out. 3. Log back in using your face or fingerprint.	Biometric login works
1.6	Onboarding	1. Use a brand-new account, or ask admin to reset onboarding. 2. Open the app and watch the intro slides.	Slides show once; then setup wizard
1.7	Setup wizard	1. Go through each setup screen. 2. Fill in base address, cost center, and work hours. 3. Tap through until you finish.	Base address, cost center, hours saved
1.8	Logout	1. Open Settings . 2. Tap Log out .	Returns to login screen

2. Mobile — Home and navigation

#	Scenario	Steps	Expected result
2.1	Month selector	1. On the Home screen, tap the month picker. 2. Choose a different month.	Stats reflect selected month
2.2	Tile reorder	1. On Home, turn on Edit mode for the tiles. 2. Drag tiles into a new order. 3. Save. 4. Close and reopen the app.	Order persists after restart
2.3	Sync / refresh	1. Pull down on Home to refresh, or tap the sync bar. 2. Wait until it finishes.	Data updates; last sync time shown
2.4	Over The Air update	1. If the app asks you to update, try Later first. 2. When it asks again, try Restart .	Later dismisses; Restart reloads cleanly
2.5	Per Diem navigation	1. Open Per Diem . 2. Scroll up and down. 3. Tap into a day and make a small edit.	Does not randomly return to Home
2.6	GPS overlay	1. Start a GPS trip. 2. Go back to Home . 3. Use Return to go back to GPS. 4. End the trip normally.	Can return to GPS; trip completes

3. Mobile — GPS mileage

#	Scenario	Steps	Expected result
3.1	Start trip	1. Tap Start GPS trip (or similar). 2. Pick your vehicle, cost center, and trip purpose. 3. Pick a start location. 4. Start tracking.	Tracking starts; distance accumulates
3.2	Full address	1. Start a trip with a real start address. 2. Drive or simulate movement. 3. End the trip with a real end address. 4. Look at the saved trip.	Full street + city/state; confirm street number
3.3	End at base	1. Start a GPS trip. 2. When you end it, choose your base address as the end location. 3. Save the trip.	Trip saves without broken modal
3.4	My Flock location	1. Start or end a trip. 2. Pick a house from My Flock as the location.	House selects; address returns correctly
3.5	Saved addresses	1. Start or end a trip. 2. Pick one of your saved addresses .	Address fills correctly
3.6	Session restore	1. Start a GPS trip. 2. Force-quit the app (swipe it away). 3. Open the app again.	Returns to GPS; trip still active
3.7	Complete trip	1. Finish a full trip. 2. Pick an end location and save. 3. Open your mileage list for that day.	Mileage entry saved with correct miles

4. Mobile — Manual mileage

#	Scenario	Steps	Expected result
4.1	Add entry	1. Tap Add mileage (or open manual entry). 2. Fill in date, start, end, miles, purpose, and cost center. 3. Save.	Saves and appears in list
4.2	Date-scoped odometer	1. On Day A , enter an odometer reading. 2. Open Day B (a different day). 3. Look at the odometer field.	Day B does not use Day A odometer
4.3	Odometer hint	1. Complete a travel day with an ending odometer. 2. Open the next travel day. 3. Look for a hint about yesterday's ending odometer.	Previous ending odometer shown as hint
4.4	Edit / delete	1. Open a mileage entry. 2. Change something and save. 3. Then delete that entry. 4. Check the web portal.	Syncs; removed from web
4.5	My Flock picker	1. Add or edit manual mileage. 2. Use My Flock to pick a house as a location.	Location populates correctly

5. Mobile — Receipts

#	Scenario	Steps	Expected result
5.1	Camera capture	1. Tap Add receipt . 2. Choose Camera . 3. Take a photo. 4. Save the receipt.	Receipt saves with the photo
5.2	Gallery	1. Tap Add receipt . 2. Choose Photo library . 3. Pick a picture. 4. Save the receipt.	Same flow works
5.3	Receipt image read	1. Take a clear photo of a real receipt. 2. Wait for the app to read it. 3. Check vendor, amount, and date before saving.	App fills in vendor, amount, and date from the photo; you can change them before saving
5.4	Low quality	1. Add a receipt using a blurry or very tiny photo.	Quality warning if score is low
5.5	View list	1. Open Receipts for the month you saved to. 2. Scroll through the list.	All receipts listed correctly

6. Mobile — Daily hours and descriptions

#	Scenario	Steps	Expected result
6.1	Working hours	1. Open Daily hours (or Timesheet). 2. Enter hours for each cost center you worked. 3. Save. 4. Check the web Timesheet.	Syncs to web Timesheet
6.2	Description	1. Open a day's daily description . 2. Type what you did that day. 3. Save. 4. Check Daily Descriptions on the web.	Appears on web Daily Descriptions
6.3	Day off — PTO	1. Mark a day as Day off → PTO . 2. Save. 3. Check the web Timesheet.	8 PTO hours on web; not Working Hours
6.4	Day off — Holiday	1. Mark a day as Day off → Holiday . 2. Save. 3. Check the web.	8 holiday hours on web
6.5	Day off — Sick	1. Mark a day as Day off → Sick . 2. Save.	Saves correctly
6.6	Clear day off	1. Pick a day that is marked Day off. 2. Uncheck Day off . 3. Save.	Hours/description clear appropriately
6.7	Stay after save	1. Open a day in Daily hours. 2. Change something and tap Save .	Stays on day list (not kicked to Home)
6.8	PTO reminder	1. Mark your first PTO day of the month. 2. Read any popup the app shows.	One-time partial-PTO reminder
6.9	Rapid saves	1. Open several different days in a row. 2. Make quick edits and save each one fast (don't wait long between saves).	No "Too many requests" errors
6.10	Stayed overnight	1. On a travel day, turn on Stayed overnight (if you see it). 2. Save and check per diem for that day.	Affects per diem eligibility per rules

7. Mobile — Per diem

#	Scenario	Steps	Expected result
7.1	Eligibility	1. Pick a day where you worked 8+ hours and drove 100+ miles . 2. Open Per Diem for that day.	Day shows eligible
7.2	Claim amount	1. On an eligible day, enter your per diem amount. 2. Save. 3. Check that it respects the daily cap and monthly limit.	Respects daily cap and monthly limit
7.3	Tiered rules	1. If you are on a tiered cost center, enter per diem for days at different mile amounts. 2. Compare amounts to the rules you were given.	Amount follows distance tier
7.4	Receipt image required	Only if your admin turned this on for your cost center: 1. Try to save per diem without a receipt photo. 2. Then add a receipt photo and try again. If your center does not require a photo, skip this test.	App blocks save until you add a receipt image; if your center does not require it, skip this test
7.5	Save all	1. Fill in per diem for the whole month. 2. Tap Save (or save each day). 3. Check the web Per Diem tab and monthly total.	Syncs to web; monthly total correct
7.6	Accidental back	1. Open Per Diem . 2. Scroll up and down on the screen. 3. Be careful not to tap the back button on purpose.	Does not accidentally navigate away

8. Mobile — My Flock

#	Scenario	Steps	Expected result
8.1	View flock	1. Open My Flock from the menu or Home.	Houses listed alphabetically
8.2	Add house	1. Tap Add house . 2. Search for an Oxford House. 3. Add it to your list. 4. Check the web portal.	Appears in list; syncs to web
8.3	State default	1. Make sure your base address is set in your profile. 2. Start adding a new house. 3. Look at which state the search starts in.	Search defaults to employee state
8.4	Remove house	1. Open My Flock . 2. Delete a pinned house. 3. Check mobile and web.	Removed on mobile and web
8.5	GPS / mileage use	1. Start a trip or manual mileage. 2. Pick a My Flock house as start or end.	Correct address in trip/entry

9. Mobile — Settings and sync

#	Scenario	Steps	Expected result
9.1	Theme	1. Open Settings . 2. Switch between light and dark theme. 3. Close and reopen the app.	Persists after restart
9.2	Vehicles	1. Open Settings → Vehicles . 2. Add a new vehicle or edit an existing one. 3. Start mileage or GPS and look for that vehicle in the list.	Available in mileage/GPS
9.3	Data sync	1. Open Data Sync . 2. Tap Sync (or Force Sync). 3. Wait until it finishes.	Success; queue clears
9.4	Notifications	1. When you see a smart notification on Home, dismiss it. 2. Pull to refresh or leave and come back.	Stays dismissed after refresh
9.5	Offline sync test	1. Make a small change (like edit a daily description). Do not sync yet . 2. Turn on Airplane mode for about 10 seconds. 3. Swipe the app away so it fully closes. 4. Open the app again (still in airplane mode is OK). 5. Turn Airplane mode off . 6. Go to Data Sync and tap Sync .	Your edit is still there after you sync — nothing was lost

10. Web — Staff Portal (employee)

Report building

#	Scenario	Steps	Expected result
10.1	Month navigation	1. Log into the Staff Portal. 2. Use the month/year picker to switch to another month.	Correct report loads
10.2	Mobile sync	1. Enter something on your phone (mileage, receipt, hours, etc.). 2. Sync on the phone. 3. On the web, refresh the same month's report.	Mileage, receipts, hours, per diem match
10.3	Mileage tab	1. Open the Mileage tab. 2. Edit a trip if needed. 3. Drag trips into a new order for one day. 4. Save.	Order saves; totals correct
10.4	Daily Descriptions	1. Open Daily Descriptions . 2. Type or change text for a day. 3. Save. 4. Check the Cost Center tab.	Saves; shows on Cost Center tab
10.5	Day off dropdown	1. Open a day on the Timesheet. 2. Set Day off to PTO . 3. Click Save . 4. Refresh the page.	Stays PTO (does not revert)
10.6	Day off + mileage	1. Pick a day that already has mileage. 2. Turn Day off on, then off again. 3. Save each time.	Can check and uncheck
10.7	Timesheet categories	1. In the bottom section of the Timesheet, enter hours in PTO or G&A (not Working Hours). 2. Save and refresh.	Stays in category rows, not Working Hours
10.8	Partial PTO	1. On the web, enter partial PTO for a day. 2. Save. 3. On your phone, sync and open that same day.	Same calendar day (no timezone shift)
10.9	Receipts	1. Open the Receipts tab. 2. Upload a receipt image. 3. Open it to view the full image.	Image displays; saves correctly
10.10	Per Diem tab	1. Open Per Diem on the web. 2. Compare eligible days and amounts to your	Matches mobile; tiered rules apply

		phone.	
10.11	Cover sheet	1. Open the Cover sheet tab. 2. Add your signature and check the certification box. 3. Save.	Tab warning clears when complete
10.12	Save report	1. Make a change anywhere on the report. 2. Click Save (do not submit yet). 3. Refresh the browser.	Draft persists after refresh

Submit and weekly check-up

#	Scenario	Steps	Expected result
10.13	Submit report	1. Finish all tabs for the month. 2. Click Submit on the cover sheet. 3. Confirm if asked.	Status → pending (per routing)
10.14	Weekly check-up	1. While the report is still a draft, click Share weekly check-up. 2. Ask your reviewer to look at it. 3. Try sharing again right away.	Reviewers notified; weekly cooldown works
10.15	Withdraw	1. Submit a report. 2. Before the next person approves it, click Withdraw (if you see it).	Returns to editable state per rules
10.16	Export PDF	1. Open a completed report month. 2. Click Export PDF (or similar). 3. Open the downloaded file.	Downloads; totals match screen

Revision flow (staff)

#	Scenario	Steps	Expected result
10.17	Receive revision	1. Have your supervisor request a revision on your report. 2. Log in and open that month.	Flagged items highlighted
10.18	Fix and resubmit	1. Fix each flagged item. 2. Save. 3. Submit again.	Re-enters approval workflow
10.19	Approved lock	1. Wait until finance fully approves your report. 2. Try to edit a mileage line or receipt.	Report not editable

11. Web — Senior Staff Portal

#	Scenario	Steps	Expected result
11.1	Pending queue	1. Log in as senior staff. 2. Open Approvals .	Shows <code>pending_senior_staff</code> reports
11.2	Approve	1. Open a pending report. 2. Read through it. 3. Click Approve (you should not need to sign).	No signature ; advances to supervisor
11.3	Request revision	1. Open a pending report. 2. Flag one or more items and add a note. 3. Send revision request. 4. Ask the employee to check their report.	Employee gets revision flags
11.4	Weekly check-up	1. Have an employee share a weekly check-up on a draft. 2. Open that report as senior staff.	Only Accept check-up — no Approve/Revision
11.5	View report	1. Click an employee's name to open their full report. 2. Click through each tab.	Review mode works
11.6	Comment / remind	1. Open a report. 2. Add a comment or send a reminder. 3. Ask the employee if they got a notification.	Notifications sent

12. Web — Supervisor Portal

#	Scenario	Steps	Expected result
12.1	Pending queue	1. Log in as supervisor. 2. Open Approvals .	Team reports pending supervisor
12.2	Approve	1. Open a pending report. 2. Check the certification box. 3. Sign and click Approve .	Moves to pending_finance
12.3	Request revision	1. Open a pending report. 2. Select specific items to flag. 3. Add notes and send revision.	Employee sees revision flags
12.4	Weekly check-up	1. Have an employee share a weekly check-up on a draft. 2. Open that report as supervisor.	Accept check-up only; no monthly Approve
12.5	Team setup	1. Open team or routing settings for a report. 2. Assign senior staff if needed. 3. Look at the routing preview.	Routing preview correct
12.6	Assign staff	1. Open Assign staff (or team management). 2. Search for an employee. 3. Assign them to a supervisor.	Shows state + cost center ; search works
12.7	Contract utilization	1. Open the Contract utilization tab.	Data loads
12.8	Delegate / remind	1. Pick a report or employee. 2. Delegate to someone else or send a reminder.	Actions complete

13. Web — Finance Portal

#	Scenario	Steps	Expected result
13.1	Pending queue	1. Log in as finance. 2. Open pending reports.	Shows <code>pending_finance</code> for managed centers
13.2	Final approve	1. Open a report ready for finance. 2. Sign and click Approve .	Status → approved ; employee locked
13.3	Revision to employee	1. Open a report at the finance step. 2. Request revision back to the employee . 3. Ask the employee to check.	Employee notified appropriately
13.4	PDF export	1. Open an approved or pending report. 2. Export PDF. 3. Open the file and spot-check totals.	Downloads; totals correct
13.5	Map PDF	1. Open a report with mileage. 2. Turn on Include maps (if offered). 3. Export PDF.	Map PDF generates
13.6	Managed centers	1. Use the cost center filter. 2. Pick only centers you manage.	Only relevant reports shown

14. Web — Contracts Portal (read-only)

#	Scenario	Steps	Expected result
14.1	View reports	1. Log into Contracts Portal. 2. Click through All , Pending , and Approved lists.	Lists load
14.2	No approve	1. Open any report. 2. Look at every button at the top and bottom.	No Approve or Request Revision
14.3	Contract caps	1. Open the contract cap section or tab.	Displays without errors
14.4	Analytics	1. Open Analytics .	Read-only data loads

15. Web — Admin Portal

Employee and HR sync

#	Scenario	Steps	Expected result
15.1	Create employee	1. In Admin Portal, click Add employee . 2. Fill in name, email, and required fields. 3. Save. 4. Try logging in as that person on phone or web.	Can log in on mobile/web
15.2	Edit employee	1. Open an existing employee. 2. Change cost centers or supervisor. 3. Save. 4. Check Staff or Supervisor portal.	Saves; reflects in portals
15.3	Archive employee	1. Pick an inactive employee. 2. Click Archive . 3. Search active employee lists.	Removed from active lists
15.4	HR sync — normal	1. Click Sync from HR . 2. Review the list of changes. 3. Click Apply .	Creates/updates as expected
15.5	HR sync — email typo	1. Fix a typo in someone's email locally (example: steven vs stevin). 2. Run HR sync again. 3. Watch what HR suggests.	No duplicate create; no archive
15.6	HR sync — name change	1. Use a test case where HR has a new email for the same person (example: feliciano vs sledge). 2. Run HR sync.	No duplicate create
15.7	HR sync — ignore	1. When HR sync asks about an update or archive, click Don't ask again . 2. Run HR sync a second time.	Persists on next sync
15.8	Dedupe by email	1. If you know duplicate employees exist, run Dedupe by email .	Extra rows merged

Supervisor and configuration

#	Scenario	Steps	Expected result
15.9	Promote supervisor	1. Open an employee in Admin. 2. Promote them to Supervisor . 3. Have them log into Supervisor Portal.	Supervisor portal access works
15.10	Promote senior staff	1. Promote an employee to Senior staff . 2. Have them log into Senior Staff Portal.	Senior staff portal works
15.11	Orphaned staff	1. Find staff still tied to an archived supervisor. 2. Read the alert. 3. Click Release or reassign.	Alert shows; release works
15.12	Per diem rules	1. Open per diem settings. 2. Set a flat rate and a tiered rate for test cost centers. 3. Check mobile and web per diem for those centers.	Mobile/web follow rules
15.13	Notifications	1. Open notification settings. 2. Turn a workflow email off, then on. 3. Trigger that event (like a report submit).	Emails respect toggles
15.14	Audit log	1. Do any admin action (edit employee, run HR sync, etc.). 2. Open Audit log . 3. Find your action.	Appears in audit log

16. End-to-end approval workflows

Run these with **different accounts** (or testers playing each role).

16A — Full chain (with senior staff)

1. **Staff:** Finish the month's report and click **Submit**.
2. **Senior staff:** Log in, open Approvals, and click **Approve** (no signature needed). Report should move to supervisor.
3. **Supervisor:** Open the report, sign, and **Approve**. Report should move to finance.
4. **Finance:** Open the report, sign, and **Approve**. Report should be fully approved.
5. **Staff:** Log back in and try to edit the report — it should be **locked**.

16B — Full chain (no senior staff)

1. **Staff:** Submit the report. It should go straight to **supervisor** (skip senior staff).
2. **Supervisor:** Approve with signature.
3. **Finance:** Approve with signature.
4. **Staff:** Confirm the report is **approved** and locked.

16C — Revision from supervisor

1. **Staff:** Submit the report.
2. **Supervisor:** Request revision on **one mileage entry** and **one receipt**. Add a short note.
3. **Staff:** Fix those two items and **submit again**.
4. **Everyone:** Check that approval starts over from the right step (senior staff or supervisor, depending on routing).

16D — Revision from finance

1. Get a report all the way to **finance** (staff → supervisor → finance queue).
2. **Finance:** Request revision **back to the employee**.
3. **Staff:** Fix the flagged items and submit again.

16E — Weekly check-up (not monthly approval)

1. **Staff:** While the report is still a **draft**, click **Share weekly check-up**.
2. **Supervisor:** Open that report — you should only see **Accept check-up**, not monthly Approve.
3. **Supervisor:** Accept the check-up.
4. **Staff:** Confirm you got a notification.

5. **Staff:** Confirm the monthly report is still a **draft** until you formally submit it.

17. Cross-platform sync matrix

For each row: enter data on one device, sync, then check the other side.

Data type	Enter mobile → verify web	Enter web → verify mobile
GPS mileage	1. Complete a GPS trip on phone. 2. Sync. 3. Open Mileage tab on web.	—
Manual mileage	1. Add mileage on phone. 2. Sync. 3. Check web.	1. Add mileage on web. 2. Save. 3. Sync phone and check.
Receipt	1. Add receipt on phone. 2. Sync. 3. Check Receipts on web.	1. Add receipt on web. 2. Save. 3. Sync phone and check.
Daily hours	1. Enter hours on phone. 2. Sync. 3. Check Timesheet on web.	—
Day off / PTO	1. Mark PTO on phone. 2. Sync. 3. Check web Timesheet.	1. Mark PTO on web. 2. Save. 3. Sync phone and check.
Per diem	1. Enter per diem on phone. 2. Sync. 3. Check web Per Diem tab.	1. Enter per diem on web. 2. Save. 3. Sync phone and check.
My Flock	1. Add a house on phone. 2. Sync. 3. Check web Settings / My Flock.	1. Add on web if available. 2. Sync phone and check Settings.
Description	1. Add description on phone. 2. Sync. 3. Check web.	1. Add on web. 2. Save. 3. Sync phone and check.

18. Notifications

#	Scenario	Steps	Expected result
18.1	Report submitted	1. Staff submits a report. 2. First approver checks email and the bell icon.	First approver notified
18.2	Approval step	1. Senior staff or supervisor approves. 2. Next person in line checks notifications.	Next approver notified
18.3	Revision requested	1. Approver sends revision. 2. Employee checks email and bell.	Employee notified
18.4	Weekly check-up	1. Staff shares weekly check-up. 2. Senior staff and supervisor check notifications.	Senior staff + supervisor notified
18.5	Click notification	1. Click a notification email or in-app alert. 2. See where it takes you.	Navigates to correct report/month
18.6	Mark read	1. Open the notifications bell. 2. Mark one as read. 3. Look at the unread count.	Count decreases correctly

19. Regression checklist (recent fixes)

Check each before wider release:

- ☐ Per Diem does not randomly return to Home
 - ☐ PTO day off on mobile → 8 hrs on web (not Working Hours)
 - ☐ PTO in Timesheet bottom section stays in category rows
 - ☐ Day off dropdown (PTO/Sick/Holiday) sticks after Save on web
 - ☐ HR sync: corrected email not archived; typo email not created
 - ☐ HR sync: name-change email not created as duplicate
 - ☐ Supervisor assign staff shows state + cost center
 - ☐ Weekly check-up: supervisor sees Accept only, not Approve
 - ☐ Receipts page: no Generate Monthly PDF button
 - ☐ Notifications bell loads and clears correctly
 - ☐ Finance map PDF export works
-

20. Edge cases

#	Scenario	Steps	Expected result
20.1	Month boundary	1. Add mileage on the last day of a month. 2. Add mileage on the first day of the next month. 3. Open each month's report.	Entries on last/first day appear in correct month
20.2	Multi cost center	1. Split hours and mileage across two cost centers in one month. 2. Export PDF or odometer report.	Hours/mileage split correctly; export odometer continuous
20.3	Large report	1. Fill a full month with lots of mileage, receipts, and hours. 2. Save, submit, and export PDF.	Full month saves/submits/PDF without timeout
20.4	Archived supervisor	1. Submit a report for staff whose supervisor was archived. 2. Watch where routing sends it. 3. Admin uses repair tools if needed.	Routing skips archived; admin repair available
20.5	Session expiry	1. Leave the web portal open a long time without clicking. 2. Try to save something.	Friendly re-login on web
20.6	Portal switcher	1. Log in as someone with more than one role. 2. Open the portal switcher. 3. Look at which portals you can open.	Only allowed portals shown

Suggested test schedule

Read this first: You do not have to finish everything in one day. Work through one week at a time. Each “section” is a numbered part of this document (for example, section 5 is Receipts). Mark each test **Pass**, **Fail**, or **Blocked**. If something breaks, write down what you did and tell Goose.

Week	What to do (plain English)
Week 1	Use the phone app for everyday tasks. Work through sections 1–9 (login, home screen, GPS trips, manual mileage, receipts, daily hours, per diem, My Flock, and settings). Then check section 17 (the sync table) to make sure phone data shows up on the website.
Week 2	Use the Staff Portal on your computer. Do section 10 (build and save your expense report on the web). Also run section 19 (the regression checklist — quick checks that recent fixes still work).
Week 3	Test the approval chain. Do section 16 (full approval workflows with different people playing staff, supervisor, finance, etc.). Also test sections 11–13 (Senior Staff, Supervisor, and Finance portals).
Week 4	Admin and special cases. If you have admin access, do section 15 (employees and HR sync). Test section 14 (Contracts portal, read-only). Finish with section 20 (edge cases — weird situations like month boundaries).

Tip: If a step confuses you, skip it, note **Blocked**, and **Contact Goose**. Do not guess and do not spend an hour stuck on one line.

Approval status reference

Status	Meaning
draft	Not submitted; employee can edit
pending_senior_staff	Awaiting senior staff review
pending_supervisor	Awaiting supervisor approval
pending_finance	Awaiting finance approval
needs_revision	Returned to employee for fixes
approved	Final; locked for editing

Routing order: Senior Staff (if assigned) → Supervisor → Finance
